Membership and Service

Once you have earned five years of eligible service with PEERS you are vested and can receive lifetime retirement benefits when eligible. In most cases, the retirement benefits paid to PEERS members exceed the funds they contribute to the System while working. In fact, most PEERS retirees recover all their contributions within the first five years of retirement.

Membership Eligibility

PEERS membership is automatic, regardless of position, for non-certificated employees of the covered employers listed below who work at least 20 hours per week on a regular basis in a position that normally requires the employee to work at least 600 hours during the school term.

If you meet eligibility requirements, you cannot opt out of PEERS membership.

Covered employers include:

• All Missouri public school districts, except the St. Louis (city) and Kansas City public school districts
• All Missouri public two-year colleges (often called community colleges), except St. Louis Community College
• Statewide non-profit educational associations that have elected to join

Certificated employees/teachers employed less than full-time can choose, within 90 days of first employment as a part-time, certificated employee/teacher, to be a member of PEERS. This election is irrevocable. The employee remains a PEERS member as long as he or she is employed in a position eligible for membership and is certificated.

The term “certificated” refers to full-time and part-time employees holding valid Missouri educator certificates that are issued by the Missouri Department of Elementary and Secondary Education (DESE), and does not include persons with only substitute teaching or Parents as Teachers (PAT) certificates.

PEERS members who are employed in any capacity by a covered Missouri public community college on a full-time basis in a position certified by the executive officer of the institution have the option to elect to continue to be a member of PEERS.

If this election is not made, the employment in a community college certified position would require membership in the Public School Retirement System of Missouri (PSRS).

If you are a certificated employee, it is possible that you should be a member of the Public School Retirement System of Missouri (PSRS). PSRS is a defined benefit retirement plan similar to PEERS, but for certificated public school personnel (teachers). Please contact your employer or our office to make sure your membership has been properly established with PEERS.

Confidentiality of Member Information

At PEERS, maintaining the security of your personal information is of the highest priority. The following information is considered confidential:

• All information PEERS receives from a member, retiree, beneficiary or survivor
• All information PEERS receives from any other source that relates to a member, retiree, beneficiary or survivor
• All information generated by PEERS that relates to a member, retiree, beneficiary or survivor

Examples of such information include but are not limited to:

• Membership status
• Addresses
• Salaries
• Benefit estimates
• Social Security numbers
• Contributions
• Marital status
• Employer
• Membership service and service purchase information
• Beneficiaries
• Medical information
Keeping Your Member Information Up-to-Date

Your name, address and beneficiary designation are vital parts of your retirement records. It is important to keep them up-to-date during your membership, both before and after your PEERS retirement.

You can update your address, phone, email or beneficiary designation online by logging in to Web Member Services at www.psrsp-eers.org. You can also update your name, address or beneficiary designation by submitting the appropriate form to PEERS. We acknowledge all changes when processed.

If your name or address changes while working in covered employment, please also notify your employer, so your employer’s records, and ours, agree.

Keeping Your Beneficiary Designation Up-to-Date

In order to provide your family with the best financial protection, it is important to designate your beneficiaries properly and keep them updated as life-changing events occur.

You can designate and change your PEERS beneficiaries using Web Member Services at www.psrsp-eers.org or by using a Pre-Retirement Beneficiary Designation form available on our website or from our office.

The Effect of Divorce Before Retirement

If your spouse is named as your beneficiary and you divorce before you retire, your beneficiary designation is void in its entirety as of the date of the divorce decree. However, your divorce decree may require you to re-designate your ex-spouse as a beneficiary. You may also voluntarily re-designate your ex-spouse as a beneficiary. If you fail to provide PEERS with a new beneficiary designation form and you die prior to retirement, your beneficiaries will be determined by Missouri law. For more information on designating beneficiaries prior to retirement, see “The Importance of Keeping Your Beneficiary Designation Up-to-Date” in the Survivor Benefits section of this handbook (see page 38).

For information on how PEERS benefits are treated in a divorce, and the effect of divorce while receiving PEERS benefits, see pages 84-85.

Annual Member Statement

Each fall, after a complete review and update of member records, you receive a Member Statement detailing your membership as of the previous June 30. Use the communications preferences option in Web Member Services to let us know if you prefer to receive a paper copy of your statement, or an email when your statement is available to view online.

Your Member Statement is a valuable source of information about your membership, including your:

- Contributions and interest earned
- Annual salary (including employer-paid health, dental and vision insurance premiums)
- Total membership service (earned, reinstated and purchased)
- Beneficiary designation with PEERS

Keeping your designation current after PEERS retirement is also essential (see pages 46-49).

If you are unsure of your PEERS beneficiary designation, you can view it by logging in to Web Member Services at www.psrsp-eers.org. Your current beneficiary designation is also shown on your annual Member Statement, mailed each fall.
Your statement also includes:

- Estimates of your future service retirement benefits and retirement eligibility dates
- Details of your PEERS-covered employment, including the name(s) of your employer(s) and service and salary earned each year
- Information on your reinstatements and service purchases, showing not only service you have paid for, but also any service you have on record for which you have not yet paid
- Information on benefits payable to your beneficiaries if you die before retirement

When you receive your annual Member Statement, check it carefully. If your address or beneficiary designation is incorrect, notify PEERS promptly. If you find an error in your salary, contributions or service, call your employer first. Your employer should contact PEERS if this information does not agree with your employer’s records. The earlier discrepancies are reported, the greater the chance for proper adjustment, if required.

Online Membership Information

You can also access your membership information online through PEERS Web Member Services at www.psrs-peers.org. Access to your membership information online requires that you establish a username and password. When setting up your online access, you will be required to enter a temporary verification code we will provide. This process is designed to help ensure your membership information is not accessed fraudulently by someone other than you. You will also be asked to tell us if you would like to receive notifications about your annual Member Statement, news and Board of Trustees meeting summaries via email.

Once you log in, you can view current membership information including your:

- Contact information on record
- Contributions and interest
- Years of service
- Salary history
- Beneficiary designation
- An archive of past Member Statements
- Status of any open service purchases

Membership Service

Your total service with PEERS at the time of retirement is one of the factors used to calculate your benefit. The more service you have, the sooner you reach retirement eligibility, or the higher your benefit.

Your total service is the number of years you have:

- Worked in PEERS-covered employment (earned during your current membership or reinstated from a previous membership)
- Purchased with PEERS

Prior Service

Prior service is allowed for eligible employment before November 1, 1965, when PEERS started operations, as long as it was earned at an employer now participating in PEERS. No retirement contributions were made for employment before this date, and none are required to receive service.
If you were regularly employed before November 1, 1965, for at least 20 hours per week by a PEERS-covered employer and have not filed for prior service, please contact us for a claim form.

**Earned Service**

You earn a year of service for each school year (July 1 - June 30) of PEERS-covered employment if you are a 9-, 10-, 11- or 12-month employee, work the complete term required of your position and earn at least 95% of your full-time base salary. Service is determined by dividing the salary earned during a school year by the annual base salary you would have earned for the complete term of the position. In other words, service is calculated on a salary over salary basis. Service is calculated to five decimal places.

<table>
<thead>
<tr>
<th>Example 1</th>
</tr>
</thead>
<tbody>
<tr>
<td>A custodian is hired at an annual salary rate of $18,000. She earns $18,000. Therefore, she earns 1.00000 year of service ($18,000 ÷ $18,000).</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Example 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>A custodian is hired at an annual salary rate of $18,000. He earns $14,400. Therefore, he earns 0.80000 of a year of service ($14,400 ÷ $18,000).</td>
</tr>
</tbody>
</table>

Please note that the amount of service earned during a school year may be capped based on the start and end dates of your employment. You cannot earn more than one year of service in a school year.

**Reinstated, Purchased and Transferred Service**

One of the many advantages of PEERS membership is the ability to increase your benefit, vest your membership, or become eligible for retirement earlier by reinstating, purchasing and transferring additional service to your PEERS membership.

See the section, *Reinstatements, Purchases and Service Transfers* (pages 28-34), for more detailed information on the types of available service purchases, eligibility requirements and how to calculate purchase costs.

**Retirement Contributions**

Retirement contributions are withheld from your salary while you are working in PEERS-covered employment. Your employer contributes an equal amount and sends both employee and employer contributions to PEERS.

The contribution rate is set each year by the PSRS/PEERS Board of Trustees. For the 2019-2020 school year, the combined contribution rate for PEERS members and employers is 13.72%, with each paying 6.86%.

Salary includes, but is not limited to:

- Payments for extra duties
- Overtime payments
- Employer-paid health, dental and vision insurance premiums for the member

The Internal Revenue Code (IRC) limits the amount of annual compensation on which members who joined PEERS on or after July 1, 1996 can make contributions. The limit for the 2019-2020 school year is $280,000. This figure is adjusted annually by the IRS based upon increases in the cost-of-living index. Any contributions remitted on salary in excess of this limit will be refunded to the employer for distribution to the member.

Your contributions are credited to your individual membership, and can be refunded only if you end covered employment with all PEERS-covered employers, are not under agreement for future covered employment, and forfeit the service earned. You cannot borrow against your membership funds, nor can they be garnished, attached, assigned or subjected to any other claim. **Exception:** Your funds can be garnished to pay child support or maintenance or an IRS levy if you receive a monthly retirement benefit or a refund of your contributions and interest.
Employer contributions are not remitted specifically for you, but instead are placed in a general reserve, and are, therefore, not refundable. Employer contributions and the investment earnings are used to help pay monthly benefits to retirees and to beneficiaries of deceased members.

**Employer Pick-Up Contributions**

Since July 1, 1989, member contributions to PEERS have been considered “employer pick up” (EPU), or tax deferred contributions under the Internal Revenue Code (IRC). You do not have to pay taxes on your contributions until they are returned to you or your beneficiary as monthly benefits or a lump-sum refund.

Prior to July 1, 1989, your contributions were taxed and then sent to PEERS.

Your tax-deferred and taxed contributions are tracked separately and identified on your annual Member Statement. You are notified at the time of retirement or refund of the amount considered taxable when paid to you as a benefit.

**Interest on Your Contributions**

Interest accrues on your contributions and is credited to your membership each June 30 on the balance as of the previous June 30. The interest rate is set annually by the PSRS/PEERS Board of Trustees, and compares favorably with rates credited on most savings accounts and short-term certificates of deposit (CDs). The interest as of each June 30 appears on your annual Member Statement (see pages 21-22).

The interest accruing on your contributions is not taxable until it is actually paid to you or to your beneficiary in the form of benefits. It should not be reported on your annual tax returns before retirement as long as your funds remain with PEERS.

The amount of money associated with your membership is important only in the event of a lump-sum payment. It is not a factor in the calculation of a retirement benefit. All credited interest is also paid if your contributions are refunded, or if a lump-sum death payment is made to your beneficiary.

**Refund of Your Contributions and Interest**

If you end PEERS-covered employment, you may cancel your membership, forfeit your service and any right to a benefit based on that service, and receive a lump-sum refund of your contributions, any payments you made to reinstate or purchase service, and the interest earned through the preceding June 30. Contributions made by your employer are not credited to your membership and are not refundable. The law does not permit partial refunds or loans.

According to Missouri law, you are eligible to receive a refund of your contributions and interest and forfeit all of your PEERS service only if you:

- Have ended PEERS-covered employment, and
- Are not under agreement for future employment with any PEERS-covered employer.

You are not eligible for a refund if you are:

- On a leave of absence
- Finishing a school year with one covered employer and starting the next school year with another covered employer

If you are planning to request a refund because you are physically or mentally disabled and cannot work, you should first consider whether you are eligible for PEERS monthly disability retirement benefits. See the section entitled, Disability Retirement, beginning on page 58, or contact us for more information.

You may request a Refund Application from PEERS at any time, but it cannot be filed until 30 days have passed since your last day of PEERS-covered employment. If you are on leave of absence or under contract, the 30-day waiting period must be measured from the date your leave or contract agreement ends.

After the required 30-day waiting period, payment of your funds should occur within 60 days following the receipt of your properly completed Refund Application by PEERS. The amount of time needed
to process your application depends on whether you were employed in the current school year.

If so, PEERS must verify your employment and contributions with your employer. **If your employment continues to the end of the school year, the earliest possible refund date will be in July.**

If your membership ends by refund and you return to PEERS-covered employment, you will establish a new membership. You will then have an opportunity to reinstate your previous service (see page 28).

**Income Taxes on Refunds**

If you are considering taking a refund of your contributions and interest, you should carefully consider the potential tax consequences.

Taxes are payable on:
- Contributions made after June 30, 1989
- Interest added during your membership
- Any tax-deferred funds used to purchase or reinstate service

Taxes are not payable on:
- Contributions made before July 1, 1989 (before this date taxes were withheld from your contributions by your employer before being sent to PEERS)
- Any taxed dollars you used to reinstate or purchase service

PEERS is required by the IRS to withhold 20% federal income tax on the taxable portion of a lump-sum refund (if $200 or greater) unless you authorize PEERS to directly roll the taxable amount to another eligible retirement plan. **Caution: taxable funds rolled over into a Roth IRA are considered taxable income in the tax year in which the rollover takes place.**

In addition, if your payment occurs before you reach age 59 ½ and a rollover of the taxable amount does not take place, a 10% federal tax penalty may apply in addition to the ordinary income tax owed. This penalty generally does not apply if you separate from service in or after the tax year in which you reach age 55. PEERS will mail an IRS Form 1099-R to you after the end of the calendar year indicating the taxable portion of your lump-sum refund and any federal taxes withheld.

If you request a **Refund Application**, detailed tax information and payment options will accompany the form.

---

The PEERS staff does not answer individual tax questions or give tax advice. Inquiries should be referred to a tax professional or to the appropriate state or federal taxing agency.

---

**Membership Status**

The status of your membership depends on whether you are working in PEERS-covered employment, and how much service you have.

**Active Membership**

Your membership is considered **active** as long as you are employed in a position qualified for membership and contribute to PEERS.

**Inactive Membership**

Your membership is considered **inactive** if you are employed in a position that does not qualify for membership, or if you end covered employment but leave your contributions with PEERS.

If you are an inactive member, you may request a refund and end your membership at any time (see page 24).

**Vested Membership**

Your membership is **vested** once you have five years of eligible service with PEERS. The five years of service can include service for leave under PEERS, reinstated service and service purchased from qualified sources. However, the amount of purchased service cannot exceed the service earned for PEERS-covered employment at the time of retirement.

Vesting establishes a right to a retirement benefit without additional PEERS-covered employment. Once vested, you may end covered employment at any age, hold your membership by leaving your contributions with PEERS, and receive a lifetime...
monthly retirement benefit when you are eligible. Your benefit is calculated using the retirement formula in effect upon your PEERS retirement date.

### Absence from Covered Employment

#### Before Vesting

If you leave PEERS-covered employment before you are vested (with fewer than five years of eligible service) and your contributions remain with the System, you will retain your membership. Your funds continue to accrue interest for five years after you end covered employment. Interest accrues every June 30 based on your total contributions and interest as of the previous June 30. If you do not return to covered employment or purchase service to attain vested status within the next five school years, your membership terminates.

If you are not vested and not currently working in PEERS-covered employment, but think you may return, it may be to your advantage to leave your funds with PEERS and earn interest on them. You can take a refund at any time (see page 24) if you don’t return to PEERS-covered employment.

If you leave your funds with PEERS and you do return to covered employment within five years, your membership and service will simply pick up where you left off. If you leave your funds with PEERS and return after your membership terminates (after five years), you will start a new membership, but you can combine the two and will not lose your previous contributions or service.

In the event that you return to covered-employment after taking a refund, you can buy back, or reinstate, all or any part of the service you forfeited. See page 28 for more information.

#### After Vesting

If you leave PEERS-covered employment after you are vested (with five or more years of eligible service), you can leave your funds with PEERS and continue to earn interest on them until you are eligible to retire. Interest accrues every June 30 based on your total contributions and interest as of the previous June 30. In addition, should you die while vested and with funds in your PEERS membership, your beneficiaries may be eligible for survivor benefits (see pages 36-39).

When you reach retirement eligibility, you can apply for, and receive, lifetime monthly benefits. Depending on the benefit plan you choose, you can also provide financial protection for your beneficiaries in the event of your death after retirement. For more information on the benefit plans available and the beneficiary protection they provide, see pages 46-51.

### Membership Termination Before Retirement

Your membership automatically terminates if you are not vested and are out of PEERS-covered employment for five consecutive school years. When your membership terminates, interest is no longer credited to your membership. Should your membership terminate, we will mail you an informational packet and Refund Application.

It is important to keep your address on record with PEERS current as long as you have funds with the System (see page 21). If your membership terminates before retirement, this will help ensure you receive refund information in a timely manner.

An absence covered by the Family and Medical Leave Act of 1993 (FMLA) or an absence for military service covered by the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA) is not counted in determining the maximum allowed absence from PEERS-covered employment. Please contact us if you qualify for leave under these two laws.
