

SOCIAL SECURITY-COVERED EMPLOYMENT PURCHASE

Q. How is the cost to purchase service for Social Security-covered employment calculated?

- A. The cost of Social Security-covered employment is calculated by multiplying your highest PSRS salary by the current contribution rate and by the years of service you wish to purchase.

The cost of any remaining service for which you have applied but not yet paid is recalculated each October 1 using your highest PSRS salary rate on record and the current contribution rate.

Q. Am I eligible to purchase Social Security-covered employment?

- A. Yes, if:
- You were employed at least 20 hours per week on a regular basis in Social Security-covered employment while age 18 or older.
 - You are vested with PSRS.
 - You returned to PSRS-covered employment after your Social Security-covered employment.
 - You do not have service with any other public retirement system for the employment (except Social Security and military service).
 - You have submitted to PSRS your Itemized Statement of Earnings issued by the Social Security Administration for the period of employment you wish to purchase. See the Social Security Administration's website, <http://www.ssa.gov>, for details on how to obtain your Itemized Statement of Earnings.
 - You have not received an actuarial value cash-out in lieu of a monthly benefit.

B. Will the purchase of Social Security-covered employment vest my PSRS membership?

- A. No. Social Security-covered service is included in the calculation of your monthly benefit, but is not used to vest your membership. You cannot apply for this purchase until you are vested.

Q. How much Social Security-covered employment can I purchase?

- A. You can purchase any or all Social Security-covered employment provided that you have earned equivalent service for PSRS-covered employment at retirement.

The IRS limits each individual to a maximum of five years purchased with after-tax funds when purchasing non-qualified service (supplemental service or service for Social Security-covered employment).

You can purchase service in increments as small as one, one hundred thousandth (0.00001) of a year. Multiple applications are allowed. In most cases, the total of all service purchased with PSRS cannot exceed the total service you have earned at termination of membership by retirement, death or refund.

We reserve the right to contact previous employers to verify your dates of employment.

Q. How can I pay for Social Security-covered employment?

- A. You can pay by personal check, cashier's check or money order made payable to **PSRS of Missouri**. You can also pay using an eligible rollover distribution or in-service trustee-to-trustee transfer. Please see the ***Rollover/Transfer Certification Information Sheet*** for details. Payment cannot be made through payroll deduction.

Purchase funds and service will be applied to your membership upon receipt of payment. Payments for purchases of service will not be refunded. If you make partial payment and your membership ends, you will be granted proportional service.

Q. What is my payment deadline?

- A. Payment for service must be received prior to your PSRS retirement date in order for it to be included in the calculation of your retirement benefit. The purchase application remains open until it is paid in full or your membership ends due to retirement, death, refund or absence from covered employment if not vested.

For additional information, call PSRS toll free (800) 392-6848.
